

Steel Fabricator / Welder

Production Team | Roger Dyson Ltd, Droitwich

HOURS	PAY	SCHEDULE	LOCATION
Full-time, permanent 40 hours per week	£14.50 - £17.50 per hour	Mon - Fri 7:30 - 16:00	Droitwich, Worcs WR9 9AN

About Us

For over 50 years, Roger Dyson Ltd has been manufacturing recovery systems, and we are proud of our history and our reputation for quality. Based in Droitwich, we have a great opportunity for skilled Fabricator/Welders to join our team.

The Role

As a Heavy Fabricator/Welder you will fabricate and MIG weld to a high standard, working with heavy material up to 20mm gauge. You will interpret detailed drawings and follow set specifications so that our products are built to the highest standards. This role is a key part of our process, and we are looking for committed, enthusiastic people.

What You Will Be Doing

- Fabricate and MIG weld large, heavy equipment to a high standard (up to 20mm gauge)
- Use 1.2mm wire for welding
- Interpret detailed drawings and follow set specifications
- Where experienced, carry out plasma cutting, oxy-acetylene cutting and manual press brake operations
- Manage your own time to meet production targets, working as part of the team and on your own initiative

About You

- **Required:** 4 years' experience as a Welder/Fabricator
- **Required:** 2 years' experience working with commercial vehicles
- **Required:** experience using 1.2mm wire for welding large and heavy equipment
- **Desirable:** experience in plasma cutting, oxy-acetylene cutting and manual press brake operations
- Self-motivated, with excellent time management and the ability to work well under pressure
- A team player who also works well on their own initiative

What We Offer

- Hourly rate of £14.50 - £17.50, depending on experience and trade test
- Overtime available at an enhanced rate
- Full-time, permanent role: Monday to Friday, 7:30 - 16:00 (40 hours), day shift.
- Free on-site parking

HOW TO APPLY

Please send your CV and a cover letter to career@rogerdyson.com
